## About STEM Santa Fe EYH

Expanding Your Horizons is a national organization that encourages young women to pursue science, technology, engineering, mathematics and computing (STEM) careers. The ultimate goal is to motivate girls to become innovative and creative thinkers ready to meet 21st century challenges.

This year the Santa Fe EYH Conference will offer 200 girls in grades 5-8 a day long conference with hands-on workshops in STEM and related fields. In a fun, supportive environment girls meet peers who are also interested in STEM-C fields and learn from female scientists in careers that may include earthquakes, water resources, robotics, DNA, light and lasers, computer animation and emergency medicine
